Conall Lavery. **AscenTrust** provides outsourced accounting services to Irish companies and Not for Profit organisations. Clients are managed by account managers in Ireland and the work is carried out in its back office in India. AscenTrust was founded in 2008 by Conall and Perry Ram and Conall was previously was the founder and CEO of Entropy a company specialising in IT security. The company's products and services included firewalls, VPN (Virtual Private Network), e-mail, secure e-mail, PKI (Public Key Infrastructure), virus scanning, URL Screening, desktop fax, TCP/IP, application availability, consultancy and training. Entropy was acquired by Calyx in March 2006 for over €5M.

Conall has worked in the IT industry in Ireland since 1986; having worked for Motorola, Philips and Marconi in the radio communication industry, mostly in a technical capacity.

Kathrina Furlong. **Yours Personally** is a long established business specialising in the design and manufacture of custom built sofas, corner units, chairs, etc. Each piece is uniquely made to the exact size, style, colour and budget to suit each client in their own factory, behind their showrooms. With a Yours Personally sofa, customers can have all the benefits of a bespoke piece of furniture at very affordable prices. Customers are in effect eliminating the middleman and purchasing directly from the point of manufacture taking 6 - 8 weeks. Through superior craftsmanship Yours Personally sofa's are built for life and come with a life time guarantee on their frames. In addition to their custom built service Yours personally provides a full re-upholstery service.

The team at Yours Personally are all qualified Interior Designers and will help you avoid making costly mistakes. Their designers take a look or design from a picture to adapt and suit your room. This service is no extra cost to the client.
